

Index to the British Simuliid Group Bulletins Nos. 21 to 32 (2003-2009) including supplements

Compiled by R. W. Crosskey

A hard copy index to the contents of the British Simuliid Group Bulletins 1-20 (May 1992 to June 2003) was issued with Bulletin 20 in 2003. The index here provided carries the indexing forwards to cover Bulletins 21-32 (December 2003 to July 2009). The two Supplements that have so far been issued (with No. 27 relating to the International Symposium at Novi Sad and No. 31 relating to the International Symposium at Vilnius) are indexed as integral parts of the Bulletins. As previously, indexed items are presented in four sub-set indexes viz. to topics, blackfly scientific names, other organism names and author names. The last was earlier called Contributor Index but is now called Author Index in light of the fact that the entries derive largely from the abstracts of the symposia and not from contributions to the B.S.G. Bulletins per se.

For each entry in the index the Bulletin issue numbers are given first, followed by the relevant page(s) in parentheses; when the same indexed item occurs in separate articles within an issue the page references are separated by a slash (/). Supplement is rendered simply as 'S' suffixed to the Bulletin number, thus 27S for the Novi Sad symposium and 31S for the Vilnius symposium.

Contents

Topics....1 Scientific Names....7 Other Organism Names....13
Contributors....14

Topic Index

Aerial blackfly control	in Spain, 28(22)
Serbia, 31S(6)	in Tanzania, 31S(20)
USA (Pennsylvania), 31S(19)	in USA, 27S(28-29)
Aggregations, larval, 23(16-17)	in Venezuela, 23(6)
Algonquin Park 1962 recalled, 32(15)	Simulium damnosum biting rates, 23(14)
Amber, blackfly in, 23(17)	Simulium damnosum s.l., East Africa, 23(10)
Annobón, blackflies absent, 21(9)	Armenia
Annual Transmission Potential (ATP), 26(2)	blackfly biodiversity, 23(21)
Anthropogenic effects, 23(7)	predation on blackflies in, 23(16), 27S(26- 27)
Anthropophily	species composition of fauna, 23(19-20)
in Brazil, 27S(7)	Austria, "Waldviertel" fauna, 31S(4-5)
in Germany, 27S(27)	
in Italy, 27S(20)	
in Poland, 27S(30)	
in Serbia, 27S(16-17/21-22)	

- Baktoculicid, use as larvicide, 29(3)
 Balkans, blackfly fauna, 31S(17)
 Baltic States, overview of fauna, 31S(32)
 Barcoding (BACs), 25(6), 31S(20/21)
 Belgium, Semois river sampling, 27S(18-19)
 Berchtesgaden (Germany), *Simulium lamachi* at, 23(24-25)
 Bioko (Gulf of Guinea), 23(5)
 Biological control, *Cardiocladus oliffi* potential use, 27S(24-25)
 Bionomics, general, *Simulium nigrum*, 25(9-12)
 Biting habits
 activity, 31S(19)
 bloodfeeding, 31S(19)
 periodicity, Amazonia, 23(6)
 Black-Fly Conference, Algonquin 1962, photograph, 32(16)
 Blandford fly (*Simulium posticatum*), 27(5-14)
 Bougainville Island, blackflies in, 22(6-8)
 Bovine onchocerciasis, Cameroon, 23(14)
 Brazil, subgenus *Inaequalium*, 27S(7)
 Britain
 Blandford fly (*Simulium posticatum*) in, 27(5-14)
 British Simuliid Group history, 27S(6)
 history of blackfly research in, 23(15-16)
 predation by Diptera in, 23(15-16)
 British Simuliid Group, history first 25 years, 21(3-5)
 Bti (*Bacillus thuringiensis israelensis* = H14), larvicide use,
 algae affecting efficacy, 31S(18)
 in Bioko (Equatorial Guinea), 31S(11)
 in Galapagos, 21(13-14)
 in Germany, 27S(27)
 in Lithuania, 29(3), 31S(27)
 in Serbia, 27S(29, against *Simulium ornatum*), 31S(6)
 in USA, 27S(27)
 against *Simulium jenningsi* group, 31S(19)
 Cameroon
 Mount Cameroon, 21(9)
 onchocerciasis in, 23(14), 27S(15-16)
 Canary Islands
 in Gomera island, 23(22)
 in La Palma island, 31S(7)
 Carpathian Mountains
 blackfly fauna of, 27S(8/9)
 forest stream blackflies in, 23(7)
 Cattle
 death from blackfly attack, Germany, 25(10)
 subject to *Simulium chutteri* attack, 31S(23)
 Caves, habitat of *Anopheles faini*, 32(9)
 Checklists
 Baltic States, 31S(32)
 Finland, 29(9-15)
 Turkey (announcement only), 27S(16)
 Ukraine, 31S(30-31/36)
 World Inventory announcements, 22(5-6), 30(13)
 Cheesman, L.E., appreciation with portraits, 26(12-21)
 Chlamydia, suspected blackfly transmission, 31S(23)
 Christmas card, cartoon, 24(3)
 Chromosomes, 27S(6)
 cytotaxonomy, atlas for Palaearctic species, 31S(28)
 karyotypes, survey of, 23(23-24)
 microdissection, 25(5-6)
 Simulium sirbanum, in Nigeria, 28(18-19)
 triploidy, 27S(6)
 Circadian rhythms, Amazonian spp., 23(6)
 Colombia, in Travellers' Tales, 24(7-8)
 Control, of blackflies
 in Bioko (Equatorial Guinea), 31S(11/12)
 in Galapagos, with Bti, 21(13-14)

- in Lithuania, 29(3)
in Serbia, 31S(6)
in Tanzania, 31S(20)
in USA (Pennsylvania), 31S(19)
'intermittent eradication', 24(2)
Simulium buissoni ('no-no'), attempted eradication, 26(18)
Simulium damnosum s.str., Uganda, 24(2)
Simulium jenningsi group, 31S(19)
Simulium thylense, 31S(20)
Simulium yahense 'Bioko' form, 31S(11/12)
use of Baktoculicid/VectoBac, 29(3), 31S(6)
using temephos, 31S(20)
Cytology: see chromosomes
Dalmat, Herbert T.
list of described species, 26(11-12)
publications list, 26(10-11)
obituary and tribute, 26(3-10)
Danube blackflies
influence of river barrage, 23(7)
outbreaks, *Simulium erythrocephalum*, 27S(21-22)
overview of, 27S(8-9)
photograph, 32(14)
publication on notified, 30(13)
taxonomic questions about, 27S(9)
DDT insecticide, use in Nigeria, 30(10-12)
Death notices
Copeman, Bruce, 26(22)
Davies, Douglas, 29(1)
Davies, Lewis, 27(1)
McCrae, Angus, 23(1)
Peterson, R.V., 26(22)
'Definition' of blackfly, 25(17)
Development, *Simulium nigrum*, 25(9-12)
Distribution
eggs of *Simulium nigrum*, 25(11)
in Finland, 23(8-9)
in Gomera island (Canaries), 23(22)
in Novi Sad area (Serbia), 21(6-7)
of larvae, Lithuanian rivers, 23(3), 27S(24)
Europe Central, at high altitudes, 23(9)
Europe NW, *Simulium petricolum*, 23(13)
larval, rivers of West Tuva, 31S(31-32)
macroinvertebrates in Western Ghats (India), 31S(29)
North America, 27S(21)
Siberia, relation to changing environment, 31S(18)
Simulium posticatum in Britain, 27(5-14)
DNA (molecular taxonomy)
DNA barcoding, 25(6-7), 31S(20/21)
DNA BAC library, 29(2), 31S(21)
Genoma Project, 24(6-7), 27(3-4), 29(2), 31S(20)
ISSR profiles, 23(12), 27S(8)
Duke, B.O.L., obituary, 26(2-3)
Economic impact, USA, 27S(28)
Ecuador, *Simulium exiguum* vector in, 21(14-18)
Estonia, simuliids in, 31S(32)
EST Project, 27(3-4)
Ethiopia, *Simulium damnosum* s.l. in, 23(10), 25(14)
Fennoscandia
distribution in, 31S(16-17)
identification (CD-ROM), 31S(16-17)
new species synonymies, 31S(16-17)
Fain, A., portrait, 32(7)
Finland, 27S(12)
blackfly conservation status, 27S(12)
checklist, 29(1, 9-15)
faunal study, 23(8-9)
mating swarms observed, 31S(29)
Fossil blackflies, amber, 23(17)
Fontaine, Margaret, 31(8-10)
Galapagos Islands, 21(13-14)
Genome Project, 24(6-7), 27(3-4), 29(2), 31S(20)

- Germany
 biotope of *Simulium lamachi*, 23(24)
 changing species spectrum, 27S(23)
 distribution in Ruhr catchment, 23(23)
 Oder river studies, 27S(23)
 predation on blackflies, 23(16)
 water management, 27S(23)
 water-mites on blackflies, 23(
- Gulf of Guinea, blackfly endemism, 21(9-10)
- Guyana, simuliids in, 21(7)
